

.2.1 Institution has created an ecosystem for innovations and other initiatives for creation and transfer of knowledge

Response : The Institution is very much responsive to the contemporary requirement of its associates. The College preserves an authentic structure of the innovative environment. The following are the vital ideas initiated by the college for the creation and transfer of Knowledge.

Entrepreneurship Development Club and IIC

Entrepreneurship Development (ED) Club has been formed with the financial support of the Department of Industry and Commerce, Government of Kerala with an aim of encouraging novelty driven entrepreneurial activities and to uphold aspiring entrepreneurs at campus. The Entrepreneurship Development club is functioning in our college to inculcate entrepreneurship culture among youth and equip them with the knowledge, skill, techniques and confidence to act as torch bearers of enterprise for the new generation.

Ministry of Human Resource Development (MHRD), Govt. of India has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years. MIC has encouraged creation of 'Institution's Innovation Council (IICs)' across selected HEIs to promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in the campuses. The activities of ED club and IIC helps to inculcate the spirit of innovation among the students.

Talk on Process of Innovation Development

Institution's Innovation Council in association with ED Club and IQAC of Sree Narayana College, Sivagiri, Varkala organized a programme on "Talk on Process of Innovation Development". This programme was held on 22nd February 2024, Thursday at 1.45 pm, at Room number 49, Department of History. The resource person for the talk was Dr. Sanma G R, Assistant Professor and Innovation Ambassador, Department of Mathematics, Sree Narayana College, Varkala. The students were actively participated in it. The programme was beneficial for the students and through this they got an awareness about the creation of different innovative ideas.

REPORT-NATIONAL STARTUP DAY 2024

Institution's Innovation Council (IIC's) of Sree Narayana College, Sivagiri, Varkala celebrated the 'National Startup Day' on 23rd February 2024. National Startup Day was celebrated with an aim to ignite the spirit of entrepreneurship among our students. National Startup Day is a day dedicated to fostering, celebrating and recognizing the contributions of start-up companies and entrepreneurs to the economy and society. As part of Azadi ka Amrit Mahotsav, Prime Minister Narendra Modi has declared January 16 to be celebrated as 'National Start-up Day'. Start-ups are going to be the backbone of new India. Celebrating National StartupDay is also an opportunity to raise awareness about the challenges that startups face, such as access to funding, talent and market opportunities. Dr Binushma Raju, Coordinator of the programme welcomes the audience. The session was handled by the young entrepreneur of Department of Zoology, Ms. Akhila L S. She spoke about her journey which includes struggle, inspiration and challenges . The session was a succesful one with the participation of 65 students.

NATIONAL SCIENCE DAY (11-05-2024)

Report on Industrial Visit to the Cashew Export Promotion Council of India (CEPCI), Kollam

National Technology Day is celebrated across India on May 11 to commemorate India's scientific advancement. As a part of National Technological Day celebrations Sree Narayana College, Sivagiri, Varkala organized an industrial visit for final year B.Sc. Chemistry students to the Cashew Export Promotion Council of India's (CEPCI) Laboratory and Technical Division in Kollam on 11 May 2024. Ms. Muthu S. and Ms. Shibitha Thampi R.S., faculty members from the department, led the student group. The visit commenced with the students departing from the college at 8:00 AM and arriving at CEPCI by 9:30 AM. After obtaining entry permits, the students had the opportunity to observe the functioning of various chromatographic techniques in the laboratory, gaining valuable insights into processes.

Established in 1997, the CEPCI Laboratory and Technical Division offers a range of services, including food product testing, water testing, and other quality testing services. They also provide consultancy services to the food processing industry and conduct field surveys. Through this visit, the students gained exposure to various modern analytical instruments used in the cashew processing industry. They learned about the workings, instrumentation, and applications of these instruments, providing them with a deeper understanding of the practical applications of chemistry in the food industry. The CEPC Laboratory encompasses a comprehensive range of disciplines, housing three dedicated divisions: chemistry, microbiology, and entomology and biotechnology. We began our visit at the chemistry division, which houses a sophisticated assortment of highly sensitive analytical equipment for detecting ppb levels of microbial contaminants like pesticide residue, mycotoxins, and heavy metal residues. This ensures compliance with food safety regulations in both domestic and international markets.

Our visit to the CEPCI Laboratory and Technical Division in Kollam provided valuable insights into the practical applications of the various analytical instruments we've encountered in our studies. By witnessing these instruments in action, we gained a deeper understanding of their workings and how they are used in real-world scenarios. The laboratory is staffed by highly qualified scientists and

Sivagiri, Varkala

technical personnel with expertise in testing, research, training, and consultancy services. They even design and deliver customized training modules to cater to specific client needs. The students actively participated in the visit, attentively following the instructions provided by the laboratory experts. They also took the initiative to research and gain further understanding of the instruments they encountered.

club and IQAC Sree Narayana College, Sivagiri, Varkala, jointly organized an extension Programme on 16/01/2024, for the celebration of National Mathematics Day in the near by Sivagiri Higher Secondary school, Varkala.

National Mathematics Day was celebrated for remembering the India's greatest mathematical genius Srinivasa Ramanujam, The man who find infinity. The main aim of this extension programme is to create awareness and interest in mathematics subject through puzzle charts, Sudoku, Fibonacci series demonstration and poster exhibitions. The programme is quite interesting to ignite the young minds to involve in doing puzzles and sudokus. The students from fifth standard to twelfth standard actively participated in the programme. Unlocking the fun and showing them about the benefits of Mathematics through fun with numbers and power point presentations. The programme started at 10.30 AM and finished before 4.00 PM. It makes interesting not only to school students but also, students from Mathematics department to make an atmosphere of doing a work together outside the campus.

On behalf of the Institute Innovation Council, Department of Mathematics and Mathematics club, Sree Narayana College, Sivagiri, Varkala, organised a seminar on “R Programming” on 12/2/2024 at 10.00 AM in Seminar hall. The program was conducted for the BSc Mathematics students to get a new insight and ideas about problem solving. Dr Laji.M Assistant Professor, Dept. Of Statistics, Govt.Arts College, Trivandrum delivered a great treasure of knowledge about different areas in R Programming. It was very helpful to the students to create an interest in the field of statistical Programming. Students raised many doubts in the feedback session which was very interesting. After the talk three students

World intellectual Property Day Celebration

ED Club in association with IIC celebrated World Intellectual property Day. World intellectual property day was celebrated on 26th june, 2024. The focal theme of the celebration was Unlocking Innovation: The power of Intellectual Property through Visual Storytelling. It was performed by PG students of commerce department through panel discussion and presentation. This event was an eye opener for the students regarding the intellectual property rights.

The poster is for an event titled "WORLD INTELLECTUAL PROPERTY DAY" with the theme "UNLOCKING INNOVATION: THE POWER OF INTELLECTUAL PROPERTY THROUGH VISUAL STORYTELLING". It is organized by the Institution's Innovation Council (IIC) and IQAC in association with the ED Club. The event features a panel discussion and presentation by PG students. The panelists are Arun K II MCom, Arya M I MCom, Vrinda Unni II MCom, Devika S II MCom, and Kavya R S I MCom. The event is scheduled for 26th June 2024 at 1:30 PM in the Conference Hall. The organizing team includes the IIC President, IIC Coordinator, IQAC Coordinator, Program Coordinator, IIC Members, and Social Media Coordinators.
