Club Convener : **Dr.Binushma Raju** (Dept. of Zoology)

Members : Dr.Hima.R (Dept. of Botany)

Dr.Leji.J (Dept. of Zoology)

Dr. Biju.C (Dept. of Botany)

Objectives :

- The primary objective of nature club is to make our environment green and clean by reducing the global warming and plastics by all means
- To know about Biodiversity conservation and Climate Change
- To acquire Knowledge and Understanding about Environment and related concepts
- To promote the establishment and maintenance of natural areas and nature reserves, conserve and protect species, communities and other natural features of interest, by study
- To impart the caliber of participation in Environmental issues
- To promote Environmentally sustainable practices
- To provide youth opportunities to learn in and about the natural world around them
- To create environment awareness campaign among students & teachers

Action plan

- Motivate the students to keep their surroundings green and clean by undertaking plantation of trees.
- Observed environmentally important days like World Ozone day, World Forestry Day, World water day, World Environment Day etc by displaying banners.
- Motivate students to imbibe habits and life style for minimum waste generation, source separation of waste and disposing the waste to the nearest storage point.
- Sensitize the students to minimize the use of plastic bags, not to throw them in public places as they choke drains and sewers, cause water logging and provide breeding ground for mosquitoes.
- encourage backyard composting & promote organic farming

- Organize tree plantation programmes, awareness programmes such as Poster competitions regarding various environmental issues.

Observance of World Ozone Day 2019

World Ozone Day is observed on September 16. The day is meant to raise awareness about the importance of ozone layer and how its depletion is leading to global warming and climate change across the world. As a part of awareness students engaged in the art of creativity and an essay writing competition was conducted on September 16 on the topic "Air Pollution"

Observance of National Wildlife Week

Wildlife week is celebrated all over the country in the month of October from 2nd to 8th every year with the view to preserve the fauna, i.e., the animal life of the India. Our club members actively participated in poster making as a part of awareness for the protection of fauna and flora.

World Nature Conservation Day Celebration 2020

World Nature Conservation Day is observed annually on 28 July to remind humankind about the importance of nature and the need to protect it. The day is marked globally to spread awareness about the best practices to protect the natural resources. However, this year a global theme has not been decided due to the pandemic, Covid-19. Considering the day our club members actively participated in **World Nature Conservation Day Celebrations 2020** by drawings illustrating the importance of the day and also they shared poems about nature.

Promote organic farming.

Students were asked to do organic farming during the pandemic condition of Corona. Really it was a great success. Many members took it as an initiative in organic farming. They grow different vegetables and harvest it.
